January 7, 1954

Honorable Allen W. Dulles
Director of Central Intelligence
Washington 25, D. C.

Dear Mr. Dulles:

As you are aware, a program for additional radio monitoring has recently been approved by National Security Council action and has been included in the Budget message to Congress. This program involves the expansion of the radio monitoring capabilities of the Federal Communications Commission and will not only be of considerable benefit to the departments and agencies of government which are users of the radio spectrum but will be responsive to national needs for more complete information on radio frequency usage.

January 14, 1954 has been tentatively set by the House Independent Offices Sub-Committee on Appropriations as the date when it will consider the budget presentation of the FCC in which this item for additional radio monitoring appears. The FCC, in turn, is requesting the sub-committee to take up this additional monitoring item at a closed session prior to a consideration of other items in its budget.

It will be appreciated if representation from your agency can be present during the forthcoming consideration of this budget item for the purpose of indicating the support of this program by your agency.

It is requested that all designated representatives be in attendance at a preliminary discussion of the budget presentation at 2:15 p.m., Monday, January 11, 1954, in Room 159, Executive Office Building.

In order to conserve time, it will be appreciated if you will have your representative contact Mr. William A. Porter, my Assistant Director for Telecommunications, as soon as possible. Mr. Porter in turn will supply the necessary documents and confirm meeting times, dates and arrangements.

Sincerely yours,

CENTRAL INTELLIGENCE AGENCY

WASHINGTON 25, D. C.

OFFICE OF THE DIRECTOR

**Dr. Arthur S. Flemming, Director
Office of Defense Mobilization
Executive Office Building
Washington 25, D. C.**

Dear Dr. Flemming:

In your letter to me dated 7 January 1954, you referred to hearings by the House Independent Offices Sub-Committee on Appropriations of that part of the budget of the Federal Communications Commission which pertains to additional radio monitoring. You requested representation of this Agency at those hearings for the purpose of indicating our support of the program.

You also requested that my representatives attend a preliminary discussion of the budget presentation for this program with your Assistant Director for Telecommunications on 11 January 1954. My representative attended this meeting.

Careful consideration has been given to the question of whether or not it is desirable for this Agency to have representatives present during the hearings. I have decided that it is not desirable. However, my Assistant Director for Communications has forwarded to Mr. William A. Porter of your office a statement of this Agency's interest in the program which may be used in support of the proposed program for additional radio monitoring by the FCC.

ILLEGIB

Sincerely,

**Allen W. Dulles
Director**
